

NEW LOOK! ENEOS OIL ORANGE DRUM

We're introducing a new look for our drums! As with our previous drums, the new ENEOS-branded orange drum contains the same product formulation as our quarts and BIB packaging.

ENEOS packaged products are available in a variety of sizes. All package sizes contain the same high performance formulation of quality base oils and additives, with dexos1™ certification (when applicable). This includes our 55 gallon drums.

Our 55 gallon drum package is available with the following products:

PRODUCT	PART #
ENEOS 0W-16	3251-110
ENEOS 0W-20 dexos1™	3701-110
ENEOS 5W-20	3241-110
ENEOS 5W-30 dexos1™	3703-110
ENEOS 5W-40	3704-110
ENEOS ECO ATF PLUS	3111-110
ENEOS ECO CVT FLUID	3026-110

Efficiency in packaging or price may be realized by ordering the drum size. For example:

PACKAGE SIZE	NUMBER OF SMALLER SIZE PACKAGES IN DRUM
1 Quart	220 Bottles
5 Quarts	44 Bottles
6 gal BIB	9 Boxes

For questions or ordering, please contact your ENEOS distributor (view contact info at garage.eneos.us/distributors), your sales representative, or reach us at sales@eneos.us.
