

# ENEOS MOTOR OIL

## QUICK REFERENCE GUIDE

### ENEOS MOTOR OIL

Crafted with 100% fully synthetic, high-performance hydro-refined Base III oil to provide the highest viscosity index (VI) available. An optimized additive blend provides enhanced piston cleanliness, reduced engine sludge, excellent engine cleanliness, and better fuel economy. ENEOS provides outstanding oxidation stability at high temperatures.

### ENEOS ECO SERIES

Our ECO line of automatic and CVT transmission fluids meet or exceed specifications of the majority of transmissions on the market. As a long-time R&D and factory fill provider for Asian automakers, ENEOS is able to fulfill exact requirements of OEMs while providing true low-viscosity, fully synthetic, fuel efficient products geared towards future vehicle requirements.

### ENEOS GEAR OIL LSD

Fully synthetic gear oil using the latest technology that ensures superior performance in every area required of differential gears, including LSD (Limited Slip Differential). Assures excellent protection against metal-to-metal contact under the most severe conditions.

### ENEOS IMPORT SERIES

Specific Original Equipment replacement transmission fluids made to the same specifications and quality required by Original Equipment Manufacturers. Best for use when exact match fluid is desired.
